X-Men's LITTLE MEMO

Is Professor X really the Juggernaut's younger brother?

You won't believe that Charles Xavier is the younger stepbrother of the Juggernaut. When Charles was an elementary school student, he lost his father, a nuclear physicist, and his mother was remarried to Professor Marko, one of his father's friends at the research center. Professor Marko's son, Cain, would eventually become the Juggernaut.

Ever since Cain was young, he was always jealous of and mean to his brilliant younger brother, Charles. His parents grew to detest him, and he started acting violently.. After becoming an adult, Cain left home and took the name Juggernaut.

THE WHOLE REASON I ATTACKED THE BANK WAS TO LURE YOU X-MEN OUT INTO THE OPEN! I'M SO CLEVER!
HEE HEE HEE! SO WHERE'S CHARLES? IF YOU DON'T WANNA DIE RIGHT NOW, YOU'D BETTER GET HIM OVER HERE.
